Public Workshop Notice - California Electricity Generation Facilities Standards Committee

September 20, 2004 9 am - 5 pm and September 21, 2004	California Public Utilities Commission 505 Van Ness Avenue, Auditorium (Corner of Van Ness Avenue and McAllister Street) San Francisco
--	--

9 am - 5 pm

BACKGROUND

Public Utilities Code Section 761.3 establishes a process for the adoption and implementation of maintenance and operations standards for many of the electric power plants that serve California. First, the California Electricity Generation Facilities Standards Committee (Committee) adopts and revises the standards. Then, the California Public Utilities Commission (Commission) implements and enforces the standards adopted by the Committee. Various generating facilities including many nuclear, publicly owned, and qualifying facilities have been exempted from maintenance and operations standards. (See Public Utilities Code Section 761.3 (d), (h) for further details.)

For more information on the Commission's proceeding to implement these standards, please see the Commission website:

http://www.cpuc.ca.gov/proceedings/R0211039_doc.htm.

SEPTEMBER 20 - 21 WORKSHOPS

At the workshops on September 20 - 21, Committee Staff will consider feedback regarding draft Operations Standards listed on the Committee website under "Items of Interest":

<http://www.cpuc.ca.gov/static/cegfsc/index.htm>. You can also reach this website by clicking on the Committee link at the lower left of the Commission's webpage at <http://www.cpuc.ca.gov>.

Before the workshops, Committee Staff solicits comments and reply comments from interested parties and stakeholders which will be used to shape workshop agenda. Opening comments are due on September 10, 2004 and reply comments on September 15, 2004. Focus of the workshops will be the policy and technical aspects of the standards. They will also primarily focus on the performance standards with secondary focus on implementation guidelines.

The policy of the Committee and the Commission is to schedule hearings, meetings, workshops and similar events in locations accessible to people with disabilities. To verify that a particular location is accessible, please call: Calendar Clerk (415) 703-1203. If specialized accommodations for the disabled are needed (e.g., sign language interpreter), those requesting the accommodations must call the Commission's Public Advisor at (415) 703-2074, TTY 1-866-836-7825 or (415) 703-5282 at least three working days in advance of the event.

	A04-07-011	San Diego Gas & Electric Company, for Approval of Program Year 2005 Low-Income Assistance Programs and Funding.

Summary: On September 3, 2004, Billy Blattner, CPUC Relations Manager for Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E), met with Manuel Ramirez, advisor to Cmmr. Wood, in San Francisco. Joy Yamagata, Regulatory Case Manager for SoCalGas and SDG&E, participated by telephone. Blattner stated that Low-Income Energy Efficiency (LIEE) program carbon monoxide testing requirements are now more substantial and administered differently than normal customer gas services and should be funded through the LIEE program rather than base rates. Yamagata explained that SoCalGas and SDG&E have made motions in their pending applications for such a revenue-neutral change in the funding source and urged a timely resolution of the request. Blattner also noted that the 2005 applications contain a funding request for SDG&E's Cool Zones program, which is more appropriately funded through LIEE than through low-income rate programs.
